**CHIEFS REPORT**

Chief Cermak met with NSACH and they are extending the partial funding for CRP position forward for an additional year and have assured us that they have alternative funding that they would consider providing to maintain the program to compliment the new Mobile Integrated Health Program being piloted for the next two years with Arlington.

Continued meetings have occurred for negotiations, both Local and Non-Represented.

Paul Ellis and Chief Cermak met regarding the Arlington ILAs for services after August 1, 2021. The attorneys continue to craft language to address those discussions.

The Strategic Retreat was positive and good for providing history, the new now, and the strategic plan and budget moving forward.

A lot of work is being conducted for non-represented contract updates and job descriptions for the August 1, 2021 deadline, as well as the Local contract.

A significant amount of time has been spent reviewing upcoming contracts for the RFA and in preparation of the next RFA Governance and Annexation committee meetings.

Katie and Chief Cermak have been working with Don Austin for the upcoming trial.
